STX 46 SHOCK ABSORBER

A well proven monotube design, the Öhlins STX 46 shock absorber sets the standard for performance, quality and durability. A major suspension upgrade for your sports bike suspension, it features a large 46mm main piston and an internal gas reservoir within the main body of the shock. With adjustable damping, you can change the behavior of the shock to suit your taste and even fit a hydraulic spring preloader to change the stance of the bike.

FEATURES

- > Monotube shock absorber
- > Öhlins well proven design
- > Adjustable rebound damping and compression
- > A range of spring rates available
- > Maintenance possibilities
- > Optional hydraulic spring preloader
- > Available to more than 100 different bike models
